

## System Developer Telecommunications (all genders)

ATIS systems is an independent, privately-owned company of long tradition. We are headquartered in Bad Homburg, near Frankfurt am Main, Germany, and for many years we have been working in the telecommunications sector, specializing in the fields of recording and analysis technology. A key technology partner for network providers, network equipment providers and law enforcement agencies, we are exceedingly well-placed in the market.

### Your challenging new tasks include:

Your main task is the realisation of software modules in the field of interfaces with network providers.

In detail, this includes:

- Implementing the functional components
- Conducting module testing
- Creating technical specifications as a basis for implementations (DV concepts)

You work in close cooperation with the team leaders and members of all teams.

### Your qualifications - extensive know-how and hands-on experience:

- Experience programming Java, ideally experience implementing interfaces between system components within a system or across systems
- Basic programming skills using C/C++ as a basis for adopting functionalities in Java components would be ideal
- Familiarity with relevant design methodologies and associated documentation procedures
- Knowledge in the field of relational databases, preferably Oracle or PostgreSQL is optional
- Basic programming experience in the field of TCP/IP and perhaps UDP would be ideal
- Willingness to familiarize yourself with telecommunications standards, e.g. VOIP (SIP, RTP) and ETSI
- You must be a devoted team player with an interest in professional development
- You should enjoy new challenges and working with existing systems

### The benefits we offer - attractive and full of perspective:

- A modern and future-proof job in a midsize company of long tradition.
- A close team whose members work as a well-established unit.
- A challenging and interesting position with a lot of personal responsibility.
- Interesting options of continuing professional education.
- Flexible working hours, flat organization and a pleasant work climate.
- A long-term personal perspective with an attractive, performance-based salary

**Look ahead with us and send us your application preferably via email and including your salary expectation and availability.**
