

Database Developer Oracle (all genders)

ATIS systems is an independent, privately-owned company of long tradition. We are headquartered in Bad Homburg, near Frankfurt am Main, Germany, and for many years we have been working in the telecommunications sector, specializing in the fields of recording and analysis technology. A key technology partner for network providers, network equipment providers and law enforcement agencies, we are exceedingly well-placed in the market.

This is what we do:

- Complex data models
- PL/SQL development with a passion
- High availability with Oracle RAC
- Security with Oracle Database Vault
- High-load CRUD databases
- Tuning and optimization of performance
- Design from A to Z

This is what we're looking for:

- Passion for coding
- Creativity
- Interest in new technologies
- Applicants at entry-level are welcome: We'll make an expert out of you!
 - Interest in relational databases
 - Basic knowledge of relational database models
 - Basic knowledge of SQL
- Ideally, previous experience in the technologies we use:
 - PL/SQL
 - Shell scripting
 - Oracle RDBMS
 - Oracle Database Vault
 - Linux

This is what we've got to offer:

- Interesting and challenging tasks
- Hybrid work model
- Training opportunities
- Team work and team spirit
- Future-proof job

Become part of the team:
